For those themed sessions which are selected as part of the scientific programme, congress registration, travel and accommodation costs will need to be covered by the speaker or proposing group/organisation. It is the responsibility of the person proposing the session to ensure that all speakers are made aware of this.

The EAPC has a limited budget to support other expenses incurred to attend the congress for some speakers. We want to continue to make the congress accessible to speakers who might otherwise not be able to attend for financial reasons. This may include those from low and lower-middle income countries ([WORLD BANK LINK](#)), PhD students or early career researchers for example. If you want to apply for this support, please follow [this link](#) to complete a financial support application form. If your proposal is accepted for inclusion in the 2025 congress, your application for funding will be considered and funding prioritised according to need.
